Interests

Motivated Mathematics undergraduate with strong foundations in probability, statistics and programming. Experienced with financial modelling, risk evaluation, data-driven analysis, and machine learning and having a proven track-record of collaborating on team projects. Skilled in C++, Java, Python, SQL, Tableau, PowerBI, and Excel.

Education

Jadavpur University

Aug 2023 - Jul 2027 (expected)

Bachelor of Science (Honours) in Mathematics with Research

Minors in Statistics and Computer Science

Relevant coursework: Data Structures & Algorithms in Python, Programming in C & C++, Database Management Systems, Probability, Descriptive Statistics & χ^2 -test, Estimation Theory & Hypothesis Testing, Linear Algebra, Numerical Analysis.

Experience

Data Science Intern

Jul 2024 - Oct 2024

Supervisor: [Dr. Snehalika Lall](#), *Indian Statistical Institute Kolkata*

- Trained a machine learning model to identify optimal stock trade entry/exit points.
- Evaluated performance on historical S&P500 data using yfinance API.
- Performance measured using Sharpe ratio, [achieved ~ 40% adjusted returns](#).
- Collaborated with team members, communicating results to Dr. Lall.

Content Team Assistant Convenor

Sep 2024 - Present

[Jadavpur Math Society](#)

- Contributed to the Jadavpur Math Society magazine and daily problems list.
- Set the question paper for and organised Mathemagician at JU's tech-fest Srijan 2025.

Summer Research Intern

Jul 2025

Supervisor: [Prof. Satadal Ganguly](#), *Indian Statistical Institute Kolkata*

- Studied and presented analytic number theory concepts under supervision of Prof. Ganguly.
- Strengthened problem-solving and technical writing through a formal academic project.

Projects

- [Numerical Analysis \(MATLAB\)](#): Implemented algorithms for solving linear/nonlinear systems, eigenvalue problems, ODEs and integral equations.
- [Machine learning model for optimal stock trading \(Python\)](#): Built models for S&P500 stock forecasting and trading strategy evaluation, integrating statistical and computational methods.
- [Gestalt \(C++\)](#): A 2D game made for the GMTK 2023 game jam in just 48 hours.

Achievements

- Ranked [49/2600](#) in Jadavpur University B.Sc. Mathematics entrance exam (Other Boards General).
- Topper in NPTEL "[Algebraic Number Theory](#)" course (IISc Bangalore) per course [statistics](#).
- Selected for Winter School on CS Theory at IISc Bangalore ([one of 3 students from Jadavpur](#)).

Skills

Programming Languages

C, C++, Python, SQL, MATLAB, Java, R

Developer Tools

Tableau, PowerBI, Excel, Docker, Git, Bash

APIs, Frameworks, & Libraries:

Pandas, NumPy, Matplotlib, PyTorch, Tensorflow, Scikit
